BAGASSE PRODUCTS CATALOGUE JAN - FEB - 24

ABOUT QUIT PLASTIC

Quit Plastic stands as one of the top providers of Biodegradable Disposables both in India and Internationally. Boasting the largest collection of over 140 Sugarcane Bagasse Products in India, we provide services under B2B, D2C, and B2C business models for exports and domestic distribution of Compostable Tableware Products such as plates, cups, bowls, food containers, meal trays, clamshell boxes, and more. Our disposables are crafted from 100% natural and robust Sugarcane Bagasse, a by-product of sugar mills.

This material is utilized in the creation of high-quality, eco-friendly tableware products. These are highly favored and extensively used in the HoReCa sector and the food packaging industry, including dine-in restaurants and takeaway food deliveries via platforms like Zomato and Swiggy. These disposables contribute to a zero-waste and carbon-neutral environment. They are safe for use in microwaves and freezers and are capable of securely holding food. Free from BPA and carcinogenic chemicals, with no plastic coating or wax linings, they pose no harm to the environment. They are safe for animal consumption and can be easily disposed of after use.

FOUNDER : AJAY SOMAIYA

Sugarcane Tableware Production Process.

Sugarcane is harvested and processed into flakes, which are then transported to the factory area. Here, agro-sugarcane bagasse pulp is produced, which is a sustainable marvel. This pulp is then used to create elegant and earth-friendly Bagasse Tableware, which is redefining conscious dining. The tableware is eco-friendly as it is made from sugarcane fiber waste and is 100% Compostable and Biodegradable

Eco Friendly Disposables Family Dinner Set

When Orchestrating the Ideal Family Gathering, the last thing you want on your mind is the daunting task of dishwashing. For such Special Events, consider Transitioning to Quit Plastic's Eco-Friendly Sugarcane Bagasse Premium Disposable Family Dinnerware Set, designed to cater to 25 guests. This innovative dinnerware set is not only chic and sophisticated but also environmentally friendly. Crafted from entirely natural and renewable sugarcane bagasse, it offers a sustainable alternative to Styrofoam and other plastic-based disposable dinnerware sets. Whether you're hosting a large event or simply going about your daily routine, this Sugarcane Bagasse Premium Disposable Family Dinnerware Set is an excellent choice.

Eco Friendly Disposables Party Dinner Set

When it comes to hosting a dinner party or other special event, having quality and eco-friendly dinnerware is essential. Whether you're hosting a casual barbecue or an elegant dinner party, this set offers everything you need to serve your guests in style. And because it's disposable, you don't have to worry about washing dishes afterwards! The plates are even designed to be microwavable and freezer safe so you can reheat and serve food quickly and easily. If you're looking for a great way to serve your guests while still being conscious of the environment, be sure to check out this disposable dinnerware set. It's the perfect combination of convenience, style and sustainability.
